Wheat at the opening and for a few moments following showed comparative firmness, though not so much as had been expected from the strong curb markets prevailing since Friday. Opening unchanged at 71% 971%c, a very moderate buying demand, most of which came from the outside, sufficed to advance the price to The considered to advance the price to The considered to advance the price to The Chicago receipts for the holiday interval were 985 cars, small compared with 2.109 last week, but large enough to attract attention. Chicago receipts were 188 cars, 10 of which were contract grade. Paris was reported to the effect that the harvest would be light. There was nothing oppressively bearish in the news, but shortly after the opening it became evident that most of the heavy bull traders were convinced that a reaction was due, and that the ruling prices justified profit taking. There was the selling of wheat by that class of speculators who invariably put out short lines after February I. Bull news was plentiful later in the session, but in the meantime the selling movement had become general, professional short sellers adding not a little to the weakness the market developed by pounding it vigorously. Before noon a very material decline had taken place. May declined to Thic, recovered to This of the weakness the market developed by pounding it vigorously. There was heavy liquidation by the same parties who were selling corn, and the market was weak from the start. Receipts were also a depressing factor, amounting to 416 cars. There was some improvement in tone late in the session, part of the decline being recovered. May ranged from 27\squares 27\squares covered. Provisions until late in the day showed a good deal of firances. There was a very good outside demand for pork and lard and those products especially showed strength. Selling by packers, however, was heavy and longs realized on some large lines. The market finally broke in sympathy, with wheat and corn, but toward the close support again developed and part of the decline was recovered. NEW YORK, Jan. 3.—The market was frregular to-day but left off strong with fractional gains in most shares with a larger advance in other stocks where interest largely centered. Initial prices were generall higher, but subsequently the course of speculation was somewhat reactory and London sold some 30,000 shares, partly on the Philippine incident and renewed talk of trouble between France and England. Profit taking sales caused some of the railways to receae from the carly best figures, New York Central being especially weak, although it subsequently recovered most of its loss. American Steel and Wire shares, after opening improvements, were raided and the common declined 5 points, while preferred host is and then railied 3½ and 2 points respectively. In the afternoon rise there was an increase in the volume of trading. The favorable November statement of Louisville started an upward movement in that stock of 5½ and a better tone spread to the rest of the list, Reading, Federal Steel, Pullman and American Spirits each in turn becoming strong. Pittsburg, Clincinnati, Chicago & St. Louis, Western Union and Kansas & Texas preferred also displayed strength. Improvement in the anthractic trade because of the cold weather was assigned as reason for the rise in these stocks, although the advance in the price of coal predicted for the beginning of the year falled to materialize. The increase in east bound ahipments and the rumored restoration of trunk line rates were supporting factors in the stocks concerned. Money displayed a somewhat hardening tendency, the range being from 3 to 4 per cent. closing loans at the lesser figure. This advance in money was without appreciable effect on stocks, which closed at about the best in many cases. American Sugar refining was hammered from time to time on the unsettled conditions of the trade and lost 2 per cent. Railway bond prices forged upward to-day on heavy purchases. United States & declined ¼ and the old to course the course of the course of the course o is (coupon) advanced 1/4 in the bid price.

A quick and firm market was had yesterday. The
run was not large and the receipts at points east of
us were light, they reaching at the four leading
Western markets only 14,200, all told. With such
light receipts buyers seemed a little more anxious
for supplies and bid up strong for all good to choice
cattle. Several lots of choice export steers brough
t5..35 and one bunch of extra heavy and fat steers
sold at \$4.500. Cows were in fair supply, good demand
and steady. Stockers and feeders were firmer than
for some days and in very good demand. Range cattle were in very moderate supply and met with very
ready saile. In the native division they were steady
and in the Texas division 560c higher under light
offerings. Mileh cows quiet, but steady. Common,
\$15618; medium to fair, \$25630; good to choice, \$35

A number of good cattle were in yesterday and they sold very well. Martin Riley, of St. Marys, Kas., was here with forty smooth and well fatted steers of his own feeding, that averaged 1.35 pounds. The Drovers' Live Stock Commission Company sold them at \$5.25. The Schwarzschild & Sulzberger company got them for the export trade.

A. J. Gillespie, who a short time ago sold out his commission business to J. S. Hollinger and associates, of Abilene, Kas., who were ruined by the absconding of G. G. Gillett, yesterday closed a deal with Mr. Hollinger whereby he will again enter the commission business and will occupy his old offices and do business in his old firm's name, A. J. Gillespie & Co. Some of the best cattle in here yesterday were medium weights and they sold well. H. Black, of Burlingame, Kas., came in with twenty grade native steers that were very beefy. They were of his own feeding and showed good handling. They averaged 1,332 pounds and were sold by McCoy Bros. at \$3.25. Eastman bought them for the export trade.

export trade. Among the cattle here yesterday deserving notice were eighteen grade shorthorn steers, brought in by George S. Burt, of Wabaunsee county, Kas. They were of his own feeding, smooth and well fatted, averaging 142 pounds. The Pierson-God-dard Live Stock Commission Company sold them at \$5.25. Sam Kraus took them on an order.
